Project Status report

Name:	Yash, Jay, Dinesh
Community & UN SDG(s):	Regional Centres of Expertise; SDG Main: Quality Education (4) , Other: 17, 12
MVP #	2
Sprint cycle dates:	April 7, 2025

Project Name	SustainHub
Blurb	We are building SustainHub, an interactive platform that maps and showcases SDG-related awards in Saskatchewan. Aligned with the **UN Sustainable Development Goals**, it enhances the accessibility, recognition, and collaboration for sustainability initiatives. Using **WordPress, Leaflet.js, and APIs**, our community-centered digital habitat provides a seamless way to explore awards, filter by SDGs, and engage in real-time—creating a **transparent and accessible space** for sustainable development recognition
For Week Ending	April 5, 2025
Project Status	Green
Status Description	The current project iteration is on track. The team has completed MVP 3 of the features proposed.

Activities—During the past sprint cycle

- MVP 3
  - Keep separated Both Plugins
  - made one Combined plugin.
  - added the towns and cities into filter with coordinates
  - Completed the User testing
- Paper
  - Completed the whole paper

Project Issues

- Just some limitation on Update of Wordpress and leafless library

Project Changes

as per the last scrum we added the towns and cities into filter with coordinates

Activities—Planned for Next Week

UI and user testing

Reflection

Do you feel "on track"?
- The team is on track to have created MVP 3 for all the features described.

What progress do you particularly feel good (great) about?
- Completed the city and towns addition into filter.

What barriers (if any) do you feel is/are a current impediment to success?
- updates of wordpress and leaflet

What help (if any) do you require to move positively forward?
- Meeting with the RCE website updating teams

What questions or concerns do you have (if any)?
- Maintenance/update of the website in future.
